Education

New Jersey Institute of Technology | Newark, NJ

Expected Graduation: May 2022

Bachelor of Science in Computer Science, Minor in Applied Mathematics

GPA: 3.71 | Dean's List Recipient

Relevant Coursework: Data Structures and Algorithm Analysis, Intensive Programming in Linux, Discrete Mathematics, Database System Design and Management, Principles of Operating Systems

Work Experience

Cognizant | Dallas, TX

Jun. 2021 - Aug. 2021

Full Stack Engineering Intern

- Developed full-stack REST microservices utilizing Spring Cloud, Spring Boot, Java, Angular, and Sonar through extreme programming methodologies such as Agile, Test-Driven-Development and paired programming with continuous integration and continuous delivery principles in mind
- Created microservices to handle CRUD operations using Spring JPA with an H2 database
- Participated in daily standups and worked on development alongside team members while managing side projects
- Improved run time performance by resolving critical bugs, refactoring legacy code, and ensuring a code coverage of at least 85%

Adamas Building Services | Newark, NJ

Jan. 2019 - Present

Valet

- Created a system that ensured timely location and return of vehicles
- Ensured the hospitality of guests and prepared reports for management

Skills

Programming Languages: Java, Python, C++

Web-based languages: HTML, CSS, JavaScript

Frameworks: Spring Boot, AngularJS, Git

Projects

ChatBot

May 2020 - Present

- Discord bot built using Node.js and the Discord.js libraries that allows users to interact and use built-in tools
- This bot can be very helpful to users as they can use it to set reminders for specific dates, retrieve time around the globe, and can be used for entertainment within a server

Professional Associations

Association of Computing Machinery

Sep. 2020 - Present

- Improved my programming knowledge by volunteering to assist classmates with programming assignments

NJIT Programming Club

Sep. 2020 - Present

- Engaged in coding competitions that enhanced my programming knowledge and efficiency
